Colored Mass Meeting in New York.

The first mass meeting of colored men ever held in New York City took place on Thursday evening last at the Cooper Institute, and the Tribune states that in point of numbers and enthusiasm it was a most decided success. At 8 o'clock every seat in that vast room was filled, and numbers were compelled to stand. Mr. JOHN J. SALE was elected chairman, and made a brief but most sensible address upon taking the chair, in which he set forth the wonders wrought upon colored men by the various constitutional amendments that have been adopted. and what their duties were.

A series of vigorous resolutions, all straight to the point, were unanimously adopted, pledging the meeting to the support of the Republican State and local tickets. The meeting was then addressed by the Rev. WM. F. BUTLER in the following eloquent and appropriate terms, and we commend his speech to the earnest at tion of every colored man in the land :

The Fifteenth Amendment has made us citizens, and, if you will allow me to state here. I am sorry that it has met a great many of us this much, that we have the ballot in our hands. and we know just as well how to use it as the mass of the American people. [Great applause.]
No black man has a moral right to vote a Democratic ticket. [Cries of "No," "No."] I know in the abstract that the principles of our free country are that every man shall vote occording to his own convictions, but when it comes as a question to you who, like myself, have suffered under the cruelty of American slavery, under the oppressive power of a Democratic party, then it becomes a question that involves the interests of a race, not of an individual. The man in the abstract may vote for a man when it is only a question of elevating that man to office, but when it comes to the question of elevating a race he has no moral right if there is one of you in this house to-night who has the least idea of voting that ticket, let me give him this warning to-night: You have no right to vote away the liberties of your peo- ods. ple. That is the question which comes to us now. It is not simply a question of parties; it is not simply a question of the Democratic or the Republican party; but it is the question of the rights of a whole race.

No matter how much you may think of being influenced by money, by friendly considerations for the man in the neighbarhood in which you live, you have no right to vote against the interests of your people. [Applause.] Shall we, as black men, lose all that we have fought for during the last war? [Cries of "No," "No." How many years had we of suffering in this country? Upwards of 250 years. You may strip this audience to-night and I can show welts on the backs of many a man [cries of "Yes" "Yes," and not only on these men. but on these dear mothers [cries of "Yes," "Yes" scars of the Democratic party, which, under God's heaven, we can never forget. For a black man to vote the Democratic ticket would be enough to make the bodies of our dead soldiers turn in their graves. | Cries of "Yes,"

The meeting was then addressed by General Sharpe and the Rev. H. N. Turpin. Mr. Wright of Albany sung the John Brown song, the audience joining in the chorus. Gen. Hill, of Kentucky, then followed a in few remarks. The closing address was by Gen. Harriman of New Hampshire.

The meeting then adjourned with three cheers for New Hampshire and her Governor, followed by three rousing cheers for the Republican

Mr. Andy Johnson still lives. He has made another speech, of which we have no reportbut that is of no consequence. The watery beverages of other famous wells may be very well in their way, but this fountain sends forth something that is "meat and drink with blank forms, fees, &c ... both," like the Irishman's whiskey. NEW NATIONAL ERA FREDERICK DOUGLASS, Editor

The NEW NATIONAL ERA will partake of a twofold nature -- that of an Advocate and an Educator. As an Advocate, it will assert and maintain every right pertaining to the American citizen, independent of race, color, or accident of birth It demand the recognition of these rights wherever the Constitution extends or the national ensign waves. As an Educator, its colums will be an especial medium for the effective Lithographic Varnishes are manufactured with diffusion of right principles and much-needed instruction, and for the inculcation of those habits of

THE POLITICAL DEPARTMENT.

Upon all questions involving the especial interests of the colored American citizen, the simple rule of equal justice for all men will govern the policy of the New NATIONAL ERA. It will demand the recognition of no right for one citizen which it will not freely accord to every other. It will oppose any attempt to confer privileges upon a class, that are withheld from the humblest citizen in the land. It will demand for every citizen equality before the law, and full protection of person and property in every State and Territory of the National Union.

The New NATIONAL ERA will take high ground upon all public questions, and labor to inspire a oneness of purpose and encourage unity of people of the Reconstructed States. By education the people of a free Government, such as ours is intended to be, are better qualified to discharge their duties to the State, and to one another. The nation will ever find its surest safeguard in the intelligence of its voting masses, and the journal which would promote the highest good of government and people must lend its energies and its power to the work of educating that people. The educational department of this paper will contain matter prepared and selected with special reference to the capacities and needs of this large number of pupils and teachers, thereby making the NEW NATIONAL ERA a valuable aux-

iliary in the scheme of education. THE INDUSTRIAL DEPARTMENT. The industrial interests of the colored people will claim and receive a large share of our attention. We adopt the following extracts from the address promulgated by the Colored Labor Convention held in this city in December last, as

indicating the views and policy of the New NA-TIONAL ERA on this subject: "For our own good and the welfare of our country in all things pertaining to her material and moral well-being, we seek a better and broader opportunity to gain knowledge in the fields of agricultural, mechanical, commercial, artistic, and professional labor, and this knowledge we would energise, direct, and make more largely effective through the enlightening and sanctifying influence of education. Our mottoes are liberty and labor, enfranchisement and education! The spelling-book and the hoe, the hammer and the vote, the opportunity to work and to rise, a place on which to stand, and to be and to do, we ask for ourselves and children as the means in the use of which, under God, we are to compass these achievements which furnish the measure, the test, and justification of our claim to impartial treatment and fair

HOOFLAND'S

GERMAN BITTERS.

Bitters without Alcohol or Spirits of any kind. Is different from all others. It is composed of the pure Juices, or Vital Principle of Roots, Herbs, and Barks, (or, as medicinally termed, Extracts,) the worthless or inert portions of the ingredients not being used. Therefore in one Bottle of this Bitters there is contained as much medicinal virtue as will be found in several gallons of ordinary mixtures. The Roots, &c., used in this Bitters are grown in Germany, their vital principles extracted in that country by a scientific Chemist, and forwarded to the manufactory in this city, where they are compounded and bot tled. Containing no spirituous ingredients, this Bitters is free from the objections urged against all others; no desire for stimulants can be induced from their use, they cannot make drunk ards, and cannot, under any circumstances, have any but a beneficial effect.

HOOFLAND'S GERMAN TONIC.

Was compounded for those not inclined to extreme bitters, and is intended for use in cases when some alcoholic stimulant is required in connection with the Tonic properties of the Bit-ters. Each bottle of the Tonic contains one bottle of the Bitters, combined with pure SANTA CRUZ RUM, and flavored in such a manner that the extreme bitterness of the bitters is overcome, forming a preparation highly agreeable medicinal virtues of the Bitters. The price of sons think too high. They must take into com sideration that the stimulant used is guaranteed to be of a pure quality. A poor article could be furnished at a cheaper price, but is it not better to pay a little more and have a good article? A medicinal preparation should contain none but the best ingredients; and they who expect to obtain a cheap compound, and be bene fited by it, will most certainly be cheated.
